Dear Jens and Cecilia,

On behalf of Toronto Public Health I would like to extend our congratulations on your staging of the Toronto premiere of "Chopin and the Nightingale" for World TB Day 2005. The event was a great success and highlighted the global fight against tuberculosis. The engaging storyteller and talented musicians captivated the full to capacity audience at the Royal Ontario Museum's Glass Room.

The event was one of Toronto Public Health's many World TB Day activities and it highlighted the connection between art, culture and tuberculosis. Your commitment to this event is greatly appreciated.

Yours sincerely,
